### Strategic Partnerships for adult education

Key Action 1 – Learning Mobility of Individuals – Mobility Project for Adult Education Staff

Key Action 2 – Cooperation for Innovation and the Exchange of Good Practices

Strategic Partnerships supporting innovation

Projects are expected to develop innovative outputs, and/or engage into intensive dissemination and exploitation activities of existing and newly produced products or innovative ideas. Applicants have the possibility to request a dedicated budget for Intellectual Outputs and Multiplier Events in order to directly answer to the innovation aspect of the Action. These types of projects are open to all fields of education, training and youth.

Strategic Partnerships supporting exchange of good practices

The primary goal is to allow organisations to develop and reinforce networks, increase their capacity to operate at transnational level, share and confront ideas, practices and methods. Selected projects may also produce tangible outputs and are expected to disseminate the results of their activities, although in a way that is proportional to the aim and scope of the project. These results and activities will be co-financed through the standard budget for project management and implementation.
