

EUROPEAN CENTRE FOR RESEARCH AND EDUCATION IN AGEING SERVICES (ECREAS)

ECREAS Joint Task force

3rd January 2016

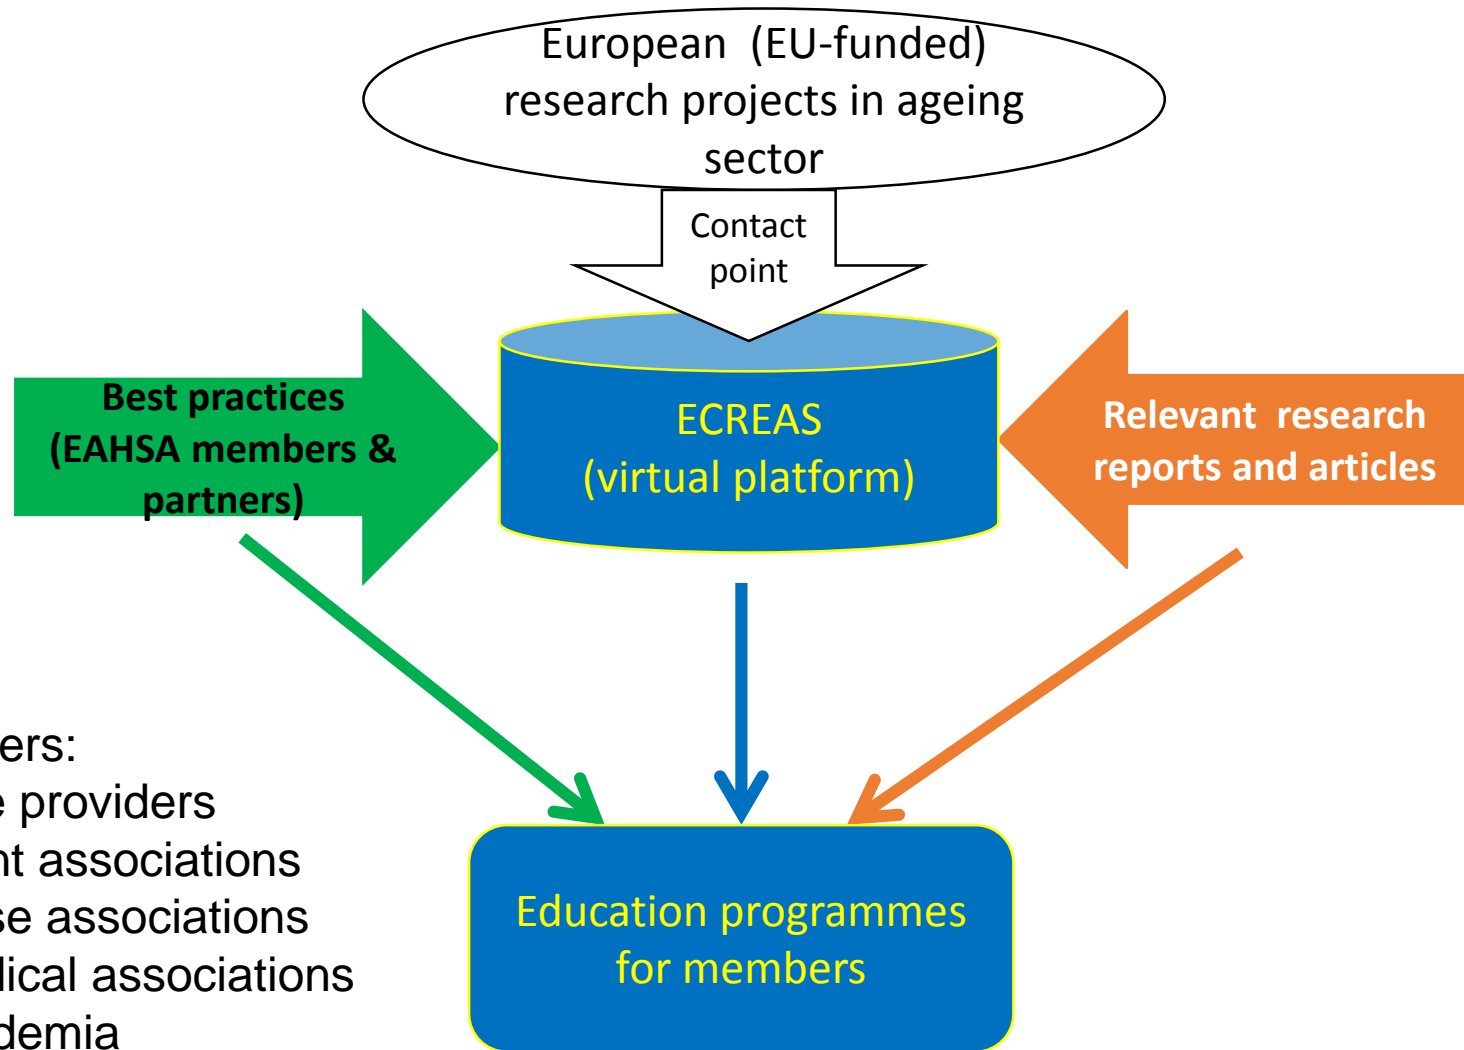

Introduction ECREAS

Growing need for:

- Exchange of best practices
- Meeting points of best practices
- Identifying relevant (academic) applied research in the ageing sector
- Easy access to knowledge and experiences

The concept of ECREAS

Partners:

- care providers
- client associations
- nurse associations
- medical associations
- academia
- research centres

Domains ECREAS

- Themes:
 - Quality in ageing services
 - Technology
 - Staffing
- Exchange of best practices: accessible for members via website
- Research: influential research articles and research reports from research institutes. Focus on managements and operations research. No research by ECREAS.
- Education: information and reference point for conferences and specific trainings by EAHSA of affiliates.

Achievements so far

- AGM EAHSA and AGM EDE : confirmation of Boards decision to develop ECREAS as a joint effort in the context of EDE/EAHSA
- Common understanding of EAHSA and EDE about development ECREAS
- Set up of a joint taskforce
